Thank you for purchasing 9' Tilt Patio Umbrella with Solar Light

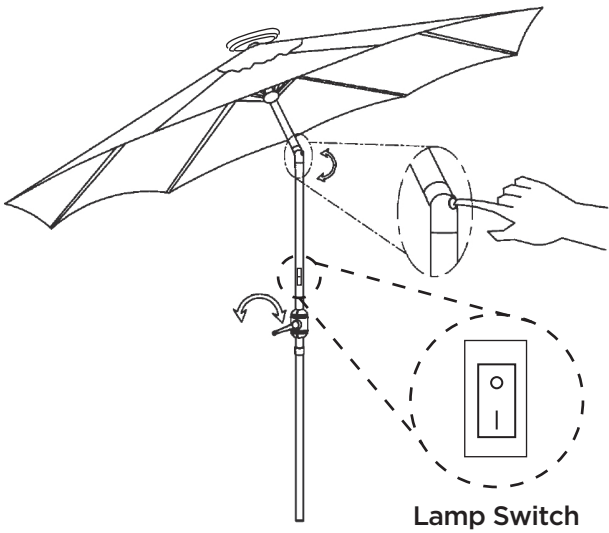

Package Contents:

Make sure all parts are present and place them side by side

Part no.	Part Name	Qty (Pcs)
①	 Umbrella	1
②	 Support Pole	1
③	 Solar Panel	1

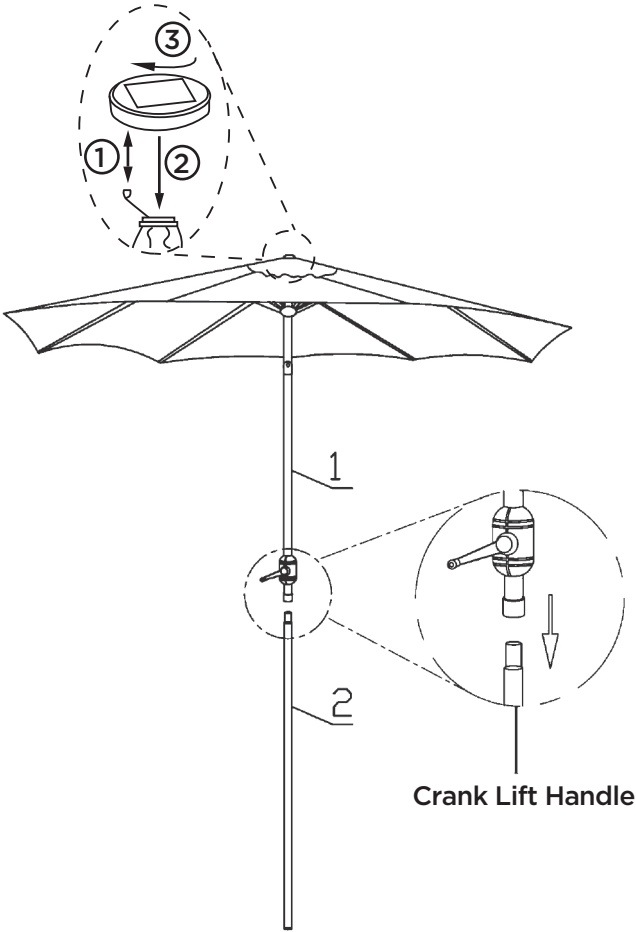

Step 2:

Slowly turn the crank lift handle clockwise to open the umbrella. Press the button to adjust the angle of the umbrella tilt.

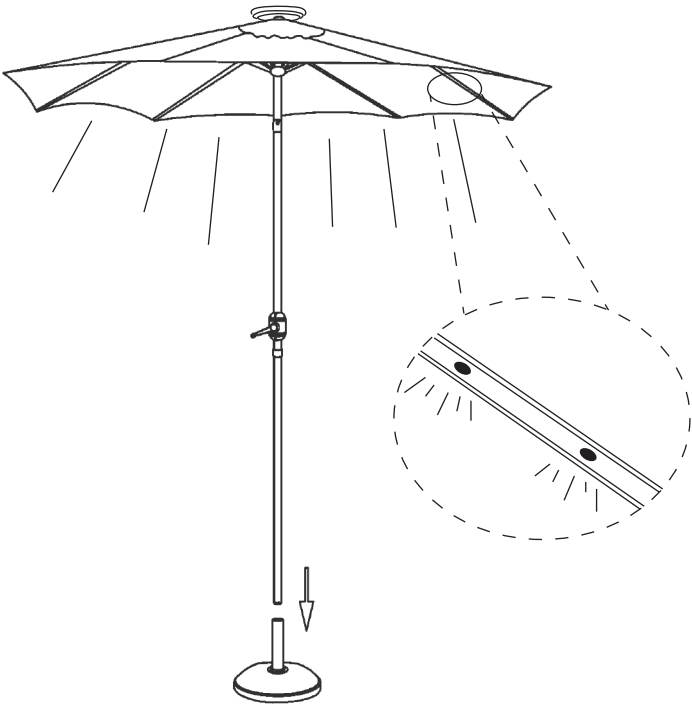

Step 1:

Push the support pole fully into lock position inside the mid-area of the umbrella pole frame (located near the crank lift handle), as shown.

Step 3:

Always use with an umbrella base (not included).

## Warning

Umbrella ribs may compress during shipping. Please read these instructions before opening your umbrella to avoid permanent damage.

- Before opening the umbrella, turn it upside down and shake gently, allowing the ribs to fall naturally into the open position.
- Keeping the umbrella upside down, slowly crank the handle until the cord slack is taken up.
- Carefully turn the umbrella up right and secure it in your base (base sold separately), shown in Step 2.

## Cleaning

- Wipe clean using a moist cloth and mild detergent
- Do not use abrasive materials or cleaners.

## Maintenance

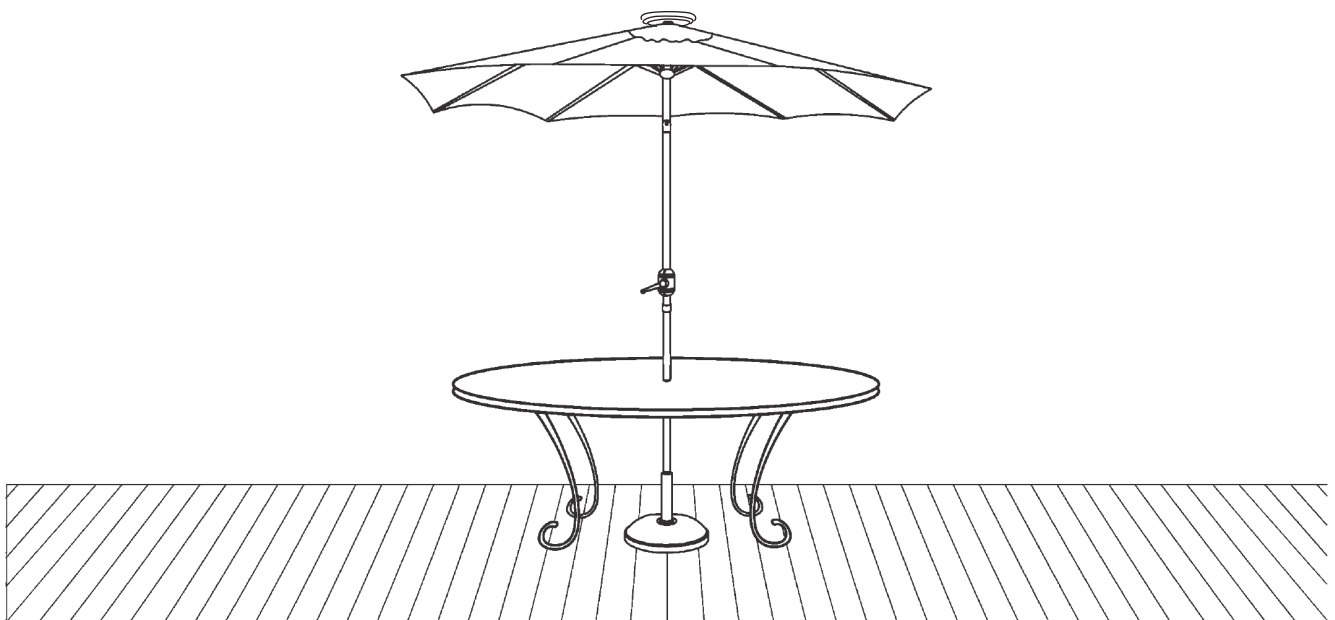

- To prevent damage, store in a dry area out of the elements.
- Cover with commercially available furniture covers when not in use.
- Always let umbrella dry completely before storing.

## Safety & Usage

Read and follow the assembly instructions carefully. If you are using your umbrella with a table, make sure the plastic umbrella ring is inserted into the hole in the center of the table. Place the umbrella through the opening and into an appropriate umbrella base. This umbrella is only light rain resistant and should not be left in heavy rain, Keep the umbrella closed (or stored away) during windy conditions.

## Caution

Never use the umbrella without using an appropriate base. Always remove the umbrella from the table when not in use. Never use the umbrella in windy or stormy weather.
